Math is a fundamental skill that is essential for success in school and in life. However, many children struggle with math, and this can lead to frustration and a loss of confidence. That's where Basher Basics Math comes in.

Basher Basics Math is the proven way to improve your child's math skills. With over 25 years of experience, Basher Basics Math has helped millions of children learn and love math.

Our unique approach to math education is based on the belief that all children can learn math, regardless of their ability level. We use a variety of fun and engaging activities to teach math concepts, and we provide plenty of practice opportunities to help children master these concepts.

Basher Basics Math is also aligned with the Common Core State Standards, so you can be sure that your child is learning the math skills that they need for success in school.

If you're looking for a way to improve your child's math skills, then Basher Basics Math is the answer. Our proven approach to math education will help your child learn and love math.

What is Basher Basics Math?

Basher Basics Math is a comprehensive math program that covers all of the essential math concepts that children need to learn in elementary school. Our program is divided into four levels, each of which builds on the skills that children learn in the previous level.

Level 1 covers the basics of math, such as counting, addition, and subtraction. Level 2 introduces multiplication and division, and Level 3 covers fractions and decimals. Level 4 provides a comprehensive review of all of the math concepts that children have learned in the previous levels.

Each level of Basher Basics Math includes a variety of fun and engaging activities that help children learn math concepts. These activities include:

- Math games
- Math worksheets
- Math songs
- Math videos

We also provide plenty of practice opportunities to help children master the math concepts that they are learning. Each level of Basher Basics Math includes a variety of practice worksheets that children can use to reinforce their skills.
