

# Illustrated With Both The Original And New Images Special Commentary On The

The original images in this book are from the 19th century, and they provide a unique glimpse into the world of that time. The new images are from the 21st century, and they offer a modern perspective on the same subjects. The commentary provides insightful analysis of both the original and new images, and it helps to illuminate the changes that have taken place in the world over the past two centuries.

## The Original Images

The original images in this book are from a variety of sources, including newspapers, magazines, and books. They depict a wide range of subjects, from everyday life to historical events. Some of the images are iconic, such as the photograph of Abraham Lincoln at Gettysburg, while others are more obscure. However, all of the images are valuable for the insights they provide into the past.

**The Real Mother Goose with Pictures by Blanche Fisher Wright: Illustrated with both the original and new images. Special commentary on the history of Mother Goose. (Classic Children's Books)** by Douglas DeLong

★★★★☆ 4.5 out of 5

Language : English

File size : 22122 KB

Print length : 83 pages

Lending : Enabled

Screen Reader : Supported

One of the most striking things about the original images is their realism. The photographers of the 19th century did not have the benefit of modern technology, so they had to rely on their own skills and ingenuity to capture the world around them. The result is a body of work that is both beautiful and informative.

## **The New Images**

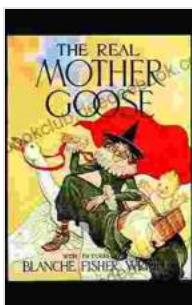

The new images in this book are from a variety of sources, including digital cameras, smartphones, and drones. They depict a wide range of subjects, from everyday life to historical events. Some of the images are similar to the original images, while others are quite different. However, all of the images are valuable for the insights they provide into the present.

One of the most striking things about the new images is their diversity. The photographers of the 21st century have access to a wide range of technology, and they are using it to capture the world in new and innovative ways. The result is a body of work that is both beautiful and informative.

## **The Commentary**

The commentary in this book provides insightful analysis of both the original and new images. The author discusses the historical context of the images, the techniques used to create them, and the impact they have had on our understanding of the world. The commentary is both informative and thought-provoking, and it helps to illuminate the changes that have taken place in the world over the past two centuries.

This book is a valuable resource for anyone who is interested in the history of photography or in the changing world around us. The original images provide a unique glimpse into the past, while the new images offer a modern perspective on the same subjects. The commentary provides insightful analysis of both the original and new images, and it helps to illuminate the changes that have taken place in the world over the past two centuries.
