Mr. Lean is a private equity firm that specializes in buying and transforming manufacturing companies.

The firm has a proven track record of success, having helped its portfolio companies achieve significant growth and profitability improvements.

### **Mr. Lean's Investment Strategy**

Mr. Lean's investment strategy is focused on identifying and acquiring manufacturing companies that have the potential for significant

improvement.

The firm typically looks for companies that are:

- Underperforming relative to their peers
- Have a strong management team
- Are in a growing industry
- Have a clear path to improvement

Once Mr. Lean acquires a company, the firm works closely with the management team to implement a comprehensive transformation plan.

This plan typically includes:

- Improving operational efficiency
- Investing in new product development
- Expanding into new markets
- Acquiring complementary businesses

Mr. Lean's goal is to help its portfolio companies achieve sustainable growth and profitability improvements.

### **Mr. Lean's Track Record**

Mr. Lean has a proven track record of success in transforming manufacturing companies.

The firm's portfolio companies have achieved an average EBITDA growth of 20% per year since Mr. Lean acquired them.

In addition, Mr. Lean's portfolio companies have generated an average return on investment of 2x since Mr. Lean acquired them.

Some of Mr. Lean's most notable success stories include:

- **Acme Manufacturing:** Mr. Lean acquired Acme Manufacturing in 2015. The company was a leading manufacturer of custom metal components. Under Mr. Lean's ownership, Acme Manufacturing implemented a comprehensive transformation plan that included improving operational efficiency, investing in new product development, and expanding into new markets. As a result of these initiatives, Acme Manufacturing's EBITDA grew by 50% in the three years following Mr. Lean's acquisition.
- **XYZ Corporation:** Mr. Lean acquired XYZ Corporation in 2017. The company was a leading manufacturer of plastic products. Under Mr. Lean's ownership, XYZ Corporation implemented a comprehensive transformation plan that included improving operational efficiency, investing in new product development, and acquiring complementary businesses. As a result of these initiatives, XYZ Corporation's EBITDA grew by 30% in the two years following Mr. Lean's acquisition.

Mr. Lean is a leading private equity firm that specializes in buying and transforming manufacturing companies.

The firm has a proven track record of success, having helped its portfolio companies achieve significant growth and profitability improvements.

Mr. Lean is a valuable partner for manufacturing companies that are looking to improve their performance and achieve their full potential.
